

**May** the Divine Intention of the greater good inspire us to live and work for the good of all peoples and all creatures of this vast and wonderful creation.

**We** lift up the poor, the vulnerable, and a woman's right to choose.

**We** stand against racism, antisemitism, bigotry, prejudice, misogyny, and promote justice for all.

**We** seek truth in all things and honor the rule of law as in our constitution, promoting nonviolence and peace in our communities.

**We** honor the sacred spark that lives in all creatures and hold with great respect the diversity that we all share in the same DNA of creation.

**And,** for the land and this plot of earth by which creatures come to discover their sacred home, we continue to nurture and bless its vital resources and be environmentally conscious in ALL things that we do.

**For** this and in all things, we give thanks to the Creator.

Let it be so, and so it is.

**- Rev. Curt McCormack**
